+
NEVELL

Nevell is a band formed by German Award winning drummer and composer Anika Nilles. She has been touring the world for many years, most recently with none other than English guitar legend and multiple Grammy Award winner Jeff Beck.

She kicked off her career in 2013 with millions of views of performing her original music on YouTube. Anika is known for her energetic, melodic and musically adept playing. With her band, she creates a masterfully innovative mixture of urban jazz, modern funk with progressive elements; carefully combining virtuosity with catchy melodies. Nevell take their audience on an instrumental journey of compositional twists and turns, conversing in an on-stage playful, musical dialogue, unfolding into an unforgettable show of passion, energy and artistry.

„Rarely do you come across a truly original project with compositions and arrangements that do not copy others - they have their own style and atmosphere.“ (Jazz-Fun Magazine)
